Dear Sir's,

Subject: Comprehensive Building Solutions from NepalBuild

Warm greetings from NepalBuild!

We are pleased to introduce ourselves as a premier provider of smart construction solutions, offering an integrated portfolio of services and products tailored to the evolving needs of modern infrastructure in Nepal and beyond.

Since our establishment in 2015, NepalBuild has remained at the forefront of prefab innovation, acoustic soundproofing, waterproofing, thermal insulation, and smart building materials. We take pride in transforming building concepts into future-ready, eco-efficient, and durable solutions.

 Our Core Services Include:

 Prefab Construction

- Prefabricated homes, schools, hospitals, villas
- Earthquake-resistant & quick-to-install structures
- Site planning, delivery, and full setup across Nepal

 Acoustic Soundproofing Solutions

- Studio, office, home & hospital soundproofing
- Rockwool, Glasswool, Fabric-wrapped panels
- Mass Loaded Vinyl (MLV), Acoustic Foams, Diffusers
- Custom-designed recording booths & theaters

 Waterproofing & Damp-proofing

- Roof & wall waterproofing systems
- Basement and foundation leak-proofing
- Bitumen membrane, PU coating, injection grouting

 Thermal & Acoustic Insulation

- Rockwool, Glasswool, XPS, Bubble Wrap
- Fire-resistant, heat-reflective & energy-saving insulation
- Interior wall, ceiling, floor, and HVAC applications

◆ Interior & Smart Building Materials

- Gypsum boards (Ferroli & Elephant), Mineral Fiber Tiles
- PVC & uPVC doors/windows
- Smart home automation, lighting, and acoustic integration

◆ False Ceiling & Lighting Systems

- Gypsum & PVC false ceilings
- Lighting layout, energy-saving LED panel integration
- Thermal barrier ceiling systems for homes & institutions

◆ Consultation & Project Design Services

- Turnkey building consultation
- Cost estimation, BOQ preparation
- 2D/3D floor plans, rendering & walkthroughs

🌐 Why NepalBuild?

- ✓ Trusted by hundreds of clients in residential, commercial, institutional, and industrial sectors
- ✓ Local manufacturing and rapid delivery across Nepal
- ✓ International-quality materials with expert local teams
- ✓ Export-ready prefab and acoustic materials

We believe in building structures that are smart, dry, and designed to last for generations. Whether you're planning a recording studio, a prefab classroom, or an energy-efficient home, NepalBuild is ready to support you at every step.

Feel free to reach us at 📞 +977-9851187267 or ✉️ connect@nepalbuild.com. You can also explore our offerings at 🌐 www.nepalbuild.com.

Thank you for your time and consideration.

Sincerely,

NepalBuild

Build Smart. Build Dry. Build for Generations.
